## *Friends,*

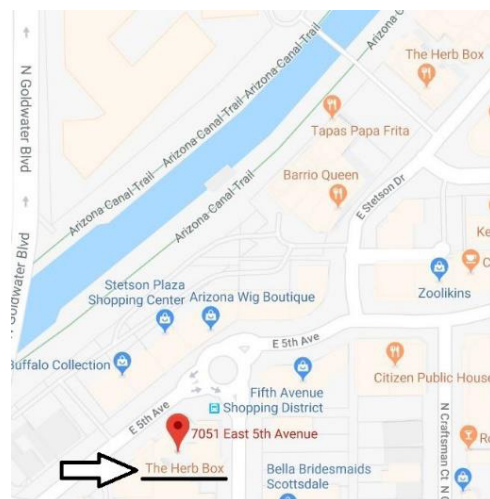

Think back seventeen years to when we opened our doors at our Shea location and you first came to *eat your hummus (yummus)*. We were just some gals *making food for friends*.

Now, (thanks to you) we're growing and taking you with us! After all, we believe the only way to grow happy is to *grow together*.

To offer even better service, we're moving our Southbridge location down the street to the beautiful 5th Avenue Shopping District in downtown Scottsdale.

## *Here's 5 reasons you'll love our new location:*

1. A cozy and comfortable interior to match our friendly service.
2. Our redesigned, fast-casual market with customizable bowls, wraps, salads and all the pastries your heart desires.
3. A shaded patio with lots of seating, seclusion and greenery.
4. Dining views of Camelback Mountain, the iconic bronze horse fountain and a beautiful mural by a Phoenix artist you have to see for yourself.
5. The fantastic food you love.

Of course, we'll always have a place in our hearts for our original spot but we love and thank you for making our new location possible! Come see us at 5th Avenue and Marshall Way in May!
